

IMMEDIATE RELEASE
July 15, 2022

Riverside will be introducing kiosks to perform our Covid-19 Screening. The kiosks will be deployed to La Verendrye General Hospital first, with our other facilities following in the coming weeks.

EVERY person entering any Riverside building will be required to stop and screen at the kiosk.

The kiosk has easy to follow, step-by-step instructions.

The units will print a sticker that ALL visitors, patients, contractors, and staff will be REQUIRED wear in a visible location. If a person fails screening, instructions will be stated on how to proceed based on who was screened (visitor vs patient).
